

Hillside School and college council update

KINDNESS IS FREE
SPRINKLE
THAT STUFF
EVERYWHERE

On the last Friday before half term, the school councillors held a 'Random Act of Kindness' day! All classes within school were extra kind to each other. The school council made and decorated biscuits for every student in school and delivered them round school with an EXTRA big smile. 😊 The students loved their little treats...how kind!

Charlotte from class 8 was spotted being kind to her friends in class by putting the day on the whiteboard so that the other pupils can find it by matching - we always ask her to "help her friends by putting it on the board". Also Harrison gave Gemma 2 crisps at taxi time - very kind!

Class 4 and 6 had a special assembly and talked about how they could be kind at home and at school to help their families, their teachers and their friends. They watched video clips and listened to songs about spreading kindness around. Not only did the pupils spread a little kindness, random members of staff found little presents left for them; daffodils and bars of chocolate!
